

CURRICULUM VITAE

RAHMAT ARAYYAN

Jakarta Utara, Daerah Khusus Ibukota Jakarta, +62 857 9816 0976

rahmatarayyan26@gmail.com • <https://www.linkedin.com/in/rahmat-arayyan-282610221/>

PERSONAL PROFILE

Fresh graduate with strong skills in data processing, administration, and programming. Accustomed to working with complex systems and software, including Microsoft Excel and MySQL for data analysis and data processing. Have a basic understanding of LAN, WAN, and internet network management, and experience building complex, responsive, and user-friendly user interfaces (UI) for website-based applications using the React JS JavaScript framework. Accustomed to developing applications integrated with RESTful APIs and payment gateways to support secure and real-time digital transaction processes. In addition, I have a high level of accuracy in solving technical problems, can work effectively in teams, and have a commitment to continuously learning and developing skills in the world of network technology. I am ready to work under pressure and adapt quickly to challenges and changes in the work environment.

EDUCATION

UNIVERSITAS BINA SARANA INFORMATIKA

2021 – 2025

Computer science, Software Engineering

- IPK : 3.90
- Aktifitas : Organisasi Mahasiswa

BINAR ACADEMY

Februari 2024 - Juni 2024

FRONT END JAVASCRIPT

Learning ability:

- Leverage the sophistication of the JavaScript programming language by using the React.JS and Tailwind.CSS frameworks and integrating RESTful APIs to create responsive, user-friendly website-based applications and efficient data communication.
- Collaborate with a team of developers, designers, and product managers to translate ideas from initial concepts into functional and successful website-based applications for use.
- Developing user-friendly user interfaces and delightful user experiences, adhering to the best principles in Website UI/UX design.

WORK EXPERIENCE

TI SUPPORT

September 2024 - Desember 2024

Intern PT.Pegadaian divisi Quality Assurance

- Assisted in transferring data to the latest database
- Assisted in testing the component-by-component website page display application using the Vue.JS framework
- Assisted in backing up user data
- Created a simple application for the final report

ADMIN

Juli 2019 – September 2019

Intern PT.Duta Fuji Electric

- Manage documents and archives
- Prepare various reports such as delivery notes, financial reports, activity reports, etc
- Assist with other administrative tasks

Supporting Sampling

April 2024 – November 2025

Freelance PT. Bureau Varietas

- Collect waste samples at specific locations and place them in waste containers
- Apply preservatives to prevent changes in the chemical and biological properties of the waste
- Ensure waste samples are transported to the laboratory in a cooled, protected condition
- Test the pH level of the wastewater to ensure environmental safety

ORGANIZATIONAL EXPERIENCE

MEMBER & EVENT

Januari - Juni 2023

HIMPUNAN MAHASISWA RPL

- Assist the team in planning, organizing, and implementing various educational programs and events, including seminars, workshops, and meetings
- Study and discuss with those within the association

SKILL & COMPETENCIES

- **Technical Skills:** Accustomed to managing data and administration with high accuracy, able to use Microsoft Excel in depth (pivot, vlookup, hlookup, and other formulas) for data processing and analysis, experienced in creating user interfaces (UI) on websites with JavaScript using the React.js and Tailwind.CSS frameworks and integrating RESTful APIs. Has a basic understanding of the Linux operating system (Open Source) and network devices such as Mikrotik and Cisco, and is ready to deepen skills in network configuration and troubleshooting. Mastery of programming languages such as Go-Lang and PHP to create dynamic websites that look interactive, as well as SQL for data management and analysis. Accustomed to coordinating with teams to ensure smooth system operations and maintenance.
- **Non-Technical Skills:** Has critical and analytical thinking skills to solve technical problems, as well as good time management when working under pressure. Able to work in teams or individually, communicate effectively, quickly adapt to new systems and tools, and have the initiative to continue developing themselves in the world of technology.

LANGUAGE ABILITY

- Indonesian – Advanced Proficiency (spoken and written)
- English – Intermediate Proficiency (spoken and written)
